Only rain in the drain!

Storm drains lead directly to rivers, lakes, and streams.

Report suspected illicit discharge anonymously to the
Pollution Emergency Alerting System (PEAS) hotline at:
800-292-4706*

**This includes dumping of waste/oil or other vehicle fluids
and suspicious pipes outletting to ditches.*

About Us

Barry County Recycles is the product of the commitment and dedication of the Barry County Solid Waste Oversight Committee (SWOC). The Materials Management Planning Committee (MMPC) replaced the SWOC in December 2024. The MMPC provides the planning to manage materials in Barry County and assists the Board of Commissioners in developing budgets and policies to reduce waste and promote recycling, reuse, and compost across the county.

Managing materials sustainably reduces the need for landfill expansion and creation by diverting materials elsewhere. Barry County is committed to supporting residents and businesses in their sustainability goals by making sure there is information and resources available.

Visit us at www.barrycountyrecycles.org to learn more.

Sustainable Materials Management

Recycling 101

Most curbside and drop-off recycling programs include:

PAPER

Recycle clean and dry office and school paper, newspaper, mail, envelopes, paper bags, and other paper products in your recycling bin or at a PaperGator bin in your area.

CARDBOARD

Recycle clean, dry, and flattened cardboard boxes, pizza boxes, dry food boxes (like cereal and snack boxes), and cartons* (*check with your recycling program*)

GLASS

Clean and dry clear and colored glass bottles and jars can be recycled!

Labels are OK! Always **remove the lids** on glass bottles and jars.

No cooking glass, ceramics, or lightbulbs in the bin!

METAL

Recycle **clean, empty and dry** metal cans, lids, tins, foil (balled up), and aerosol cans* (*check with your recycling program*) **Labels are OK!**

PLASTIC

Recycle clean and dry plastic food containers including bottles, jugs, tubs, and other containers. Plastic lids on plastic containers, should be **reattached** before recycling.

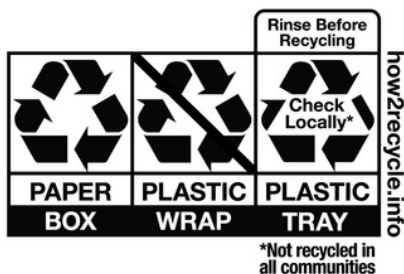

Always check with your hauler or drop-off site for their specific rules.

Scan the QR code to find local hauler and drop-off guides or visit barrycounty.org/barrycountyrecycles/resources.php

Recycle Right!

Recycling Rules

- Keep recyclables loose - do NOT place them in plastic bags
- Empty and rinse all plastic, metal, and glass containers
- Flatten all cardboard
- Follow your hauler or drop-off sites recycling guide
- Find and follow the How2Recycle label

Chasing arrows or a recycling symbol does not always mean it is recyclable

Food Waste

Composting Food and Yard Waste

At home composting is a great way to recycle your food waste into a valuable soil additive.

Backyard composting can be done in many different ways. You can use a store-bought compost tumbler, build your own compost bin, or for those with less space, you can do worm composting.

Food and yard waste compost much faster when they are broken down into smaller pieces. Once the compost is finished, you can add it to your house plants, garden, lawn, or landscaping in place of fertilizer.

Household Hazardous Waste

What is Household Hazardous Waste (HHW)?

Household hazardous waste is any product or material with one or more properties: toxic, flammable, corrosive, or reactive. HHW should never be disposed of in a landfill or incinerator. HHW is harmful to people, animals, and the environment if not disposed of properly.

Barry County holds two Household Hazardous Waste and tire collection events each year in May and September at the Barry County Expo Center. Visit www.barrycountyclecyles.org for dates and more information.

Accepted Items:	Not Accepted:
✓ Aqueous (containing water) acids and bases ✓ Oil-based paints ✓ Reactives and solvents ✓ Aerosol cans ✓ Automotive liquids ✓ Pesticides (liquids and solids) ✓ Light bulbs and lamp ballasts ✓ Automotive batteries ✓ Alkaline, nickel-cadmium and/or silver oxide batteries ✓ Liquid cleaners ✓ Heavy metal solutions ✓ Mercury-containing materials ✓ Motor oil ✓ Electronics - see website for details ✓ Unused or expired medications and sharps ✓ Tires (Limit 10 tires per car; no business tires)	✗ Asbestos ✗ Latex paint ✗ Propane tanks ✗ Commercially generated waste ✗ Radioactive material ✗ Explosives ✗ Unknown wastes ✗ Tires heavily caked with dirt

Sponsored by the Barry County Materials Management Planning Committee with support from the Barry County Fair Board, Waste Management, Barry Eaton District Health Department, Barry County Substance Abuse Task Force, Sheriff's Department, and local pharmacies.
